

Hickey's Karate Center Blue Star Program

Name of Student _____

The purpose of this program is to provide encouragement in performance and attitude in school or in the home. Checks are earned for work done over and above what is expected at home or in school. Sixteen checks must be earned in order to receive a blue star to put on their karate-gi. Only one blue star can be earned per 4 month period. Examples of reason for a check are reading an extra book, helping out at home without being asked, doing a daily chore for a week without arguing, doing extra work at school helping the teacher, being a good school citizen (teachers discretion), being ready to leave to go somewhere without being told, etc. The work or good deeds naturally will be different for each child and will depend on the age, but should require something a little extra that helps or gives good citizenship in the home or at school. A blue star is required to take the green belt test. The checks earned here do not count for any merit badge program.

1 good Mark from their teacher or parent equals a check. 16 checks equals a blue star.

Check & Initial

Reasons for the Check:

1 _____	_____
2 _____	_____
3 _____	_____
4 _____	_____
5 _____	_____
6 _____	_____
7 _____	_____
